April 2024

Dear Participant:

Enclosed is your Northern California Pipe Trades Pension Plan (“Plan”) 2023 Pension Statement (“Statement”) which details the following:

- Hours of Covered Employment reported by your Employer(s).
- Benefit Credits accrued through the 2023 Plan Year.
- Vesting Credits accrued through the 2023 Plan Year.
- Your estimated monthly Retirement Benefit at Normal Retirement Age (Age 65).
- The last page of the Statement reflects your Pension Benefit Status as of December 31, 2023.

You should review your Statement for accuracy and notify the Trust Fund Office in writing immediately if corrections are needed or if you have any questions. REMINDER: Keep your contact information, including your address, telephone numbers, and email address up to date with the Trust Fund Office.

Hours of Covered Employment

- **This Statement reflects hours reported for covered work performed through the 2023 Plan Year.**
- Employers report hours and contributions monthly based on their payroll cycle. Differences in Employer reporting periods may account for minor discrepancies from month to month; however, this should not affect the overall total hours reported.
- Hours for the 2013 Plan Year through 2016 Plan Year are listed on two lines because the Benefit Rate changed effective with July hours.
- Any late reported hours are reflected in the Plan Year in which the hours were worked (e.g., hours reported in 2023 for hours worked in 2022 are reflected in the Total Hours for the 2022 Plan Year and denoted with an *).

Benefit Credit

- Benefit Credit determines the amount of your monthly Retirement Benefit once you retire.
- Beginning with the 1987 Plan Year, one Benefit Credit is granted for 1,200 hours worked in Covered Employment in a Plan Year, at the Master Labor Agreement (“MLA”) Contribution Rate.
- Additional Benefit Credits may be earned for working over 1,200 hours in Covered Employment in a Plan Year.
- A partial Benefit Credit may be granted on a proportional (pro-rated) basis for less than 1,200 hours worked in a Plan Year.
- No Benefit Credit is granted for less than 300 hours worked in a Plan Year.
- Benefit Credits earned for all UA Local 342 contracts from January 1, 2003, through June 30, 2008, have **not** been pro-rated. This excludes incoming Reciprocal Contribution Rates that are either above or below the MLA Contribution Rate.
- Hours reported at rates above or below the MLA Contribution Rate, including Incoming Reciprocal Contributions, are proportionately adjusted (pro-rated), except for the January 1, 2003, through June 30, 2008, period referenced above.

Vesting Credit

- Vesting Credit determines whether you are entitled to a monthly Retirement Benefit.
- One Vesting Credit is granted for 1,000 or more hours worked in Covered Employment in a Plan Year.
- A partial Vesting Credit may be granted on a proportional (pro-rated) basis for less than 1,000 hours worked in a Plan Year.
- No Vesting Credit is granted for less than 300 hours worked in a Plan Year.
- **No more than one Vesting Credit can be earned in a Plan Year** regardless of how many hours you work.

NOTE: The only period that permitted a Participant to earn more than one Vesting Credit was the July 1, 1979, through December 31, 1980, Plan Year.

Benefit Rate

- The Benefit Rate is the rate determined by the Board of Trustees for each Plan Year.
- The Bonus Benefit Rate applies the year following accrual of 25 Years of Benefit Credits and either: (a) 25 Years of Vesting Credits; or (b) 25 Years of Participation in the Plan, with a minimum of 300 hours reported in Covered Employment for each Year of Participation.
- As it pertains to the Bonus Benefit Rate, Years of Participation means the number of calendar years that have elapsed from the time a Participant first earned Benefit Credits without a Permanent Break in Service. Incoming Reciprocal Credits count towards Years of Participation; however, Pro-Rata Reciprocal Credits do **not** apply towards Years of Participation. If you incur a Permanent Break in Service, no years prior to this Break would count toward your Years of Participation.
- **Future Benefit Rates are subject to change.**

The Pension Plan has different types of Retirement Benefits. The Service Unreduced Early Retirement rules are outlined below. For a summary of all types of Retirement Benefits and Plan Rules, refer to the Summary Plan Description and any subsequent Notices of Material Modifications to the Plan, which are available on our website at www.ncpttf.com. You have a right to make a written request for a copy of the Plan Document, Summary Plan Description, and any Amendments. The Trust Fund Office may require you to pay a reasonable charge for copies (not to exceed 25 cents per copy).
